Anaesthesia and Perioperative Care Version 7

ACHS Organisation Code: 160806

First Half 2021

Australasia

Private Facility

Peer Group : Comparison of your results with public/private organisations in selected category submitting data where All organisations are stratified into public / private categories and surgical complexity as defined by number of ICU beds during the 6 month data collection period.: Free Standing Day Only Facility

Total number of organisations for the selected category submitting data for this set for First Half 2021: 26

CI NO	Indicator Number/Description	Your Numerator	Your Denominator	Your Rate	99% Confidence Interval for Your Rate	Your Expected Number of Events	Number of Orgs Submitting Data 1H2021	Aggregate Rate for These Organisations 1H2021	Outlier	Graph
4.1	Unplanned ICU admission within 24 hours after procedure (L)	0	3644	0.000%	(0.000-0.098)	0	12	0.000%		<p>Legend: ■ Confidence Interval ■ Your Rate ■ Aggregate Rate</p>

(L) - a low rate is desirable, (H) - a high rate is desirable, (N) - desirable rate is unspecified

% - per 100, * - per 1,000, ^ - per 10,000, X̄ - mean, M - median

- Please note: data for this indicator were NOT collected in accordance with the CI User Manual

Lines in bold highlight results where the aggregate rate is outside the 99% confidence interval

Flag indicates where an organisation is statistically significantly 'different' to all other organisations submitting data for that particular indicator and where the result is **undesirably** lower or higher than the expected rate.

Star indicates the organisation is statistically significantly 'different' to all other organisations submitting data for that particular indicator and where the result is **desirably** lower or higher than the expected rate.

The information in this report is to provide assistance to organisations in continuous quality improvement. Responsibility for the accuracy of submitted data lies with the contributing organisation. The ACHS makes every effort to validate the information it receives prior to analysing and publishing results.
